(f) *District.*

(g) *Enabling Legislation.*

“Enabling Legislation” means Article II, § (61) of the City Charter.

(h) *Partnership.*

“Partnership” means the Downtown Partnership of Baltimore, Inc.

(i) *Property-owner representative.*

“Property-owner representative” means a member of the Board who is an owner, or representative of an owner, of property subject to the tax imposed by this subtitle.

(*Ord. 92-057; Ord. 10-304.*)

§ 1-2. Findings.

(a) *In general.*

The following findings are critical to the exercise of the authority set forth in Article II, § (61) of the Charter of Baltimore.

(b) *Importance of Downtown.*

- (1) The downtown or central business district (“CBD”) of the City of Baltimore is the center of employment for the entire metropolitan region and is the source for a very substantial portion of all jobs within the City.
- (2) The CBD is also the center for tourism for the entire State of Maryland, having within its boundaries some of the most popular attractions in the country.
- (3) The CBD is an important part of the tax base of the City, contributing taxes totally disproportionate to the relative area involved.
- (4) The CBD is a vital link to the long-term health of the City and the focus of critical decisions as to the source of employment for the future.

(c) *Problems facing CBD.*

- (1) While an undeniable asset to the region, the CBD is very dependent on public perception regarding safety and cleanliness.
- (2) Studies conducted by a task force of the Partnership have identified the existence of significant concern among CBD residents and workers of being a victim of crime, despite statistics indicating that the CBD is as safe or safer than other parts of the City.
- (3) Because of the high influx of workers and visitors, the CBD is likely to generate higher amounts of trash, litter, and graffiti than other parts of the City.
- (4) In order to maintain the CBD as an attractive destination for visitors, there need to be efforts made to improve the perceptions regarding safety and cleanliness.
- (5) Traditional sources of funding, enhancing public services, are no longer available, and a variety of financial crises have suggested that future funding from existing sources will become ever more difficult.

(d) *Concept of Special Benefit District.*

- (1) A special benefit district is a mechanism by which property owners within a defined area can agree to impose additional taxes and charges on themselves in order to provide enhanced and supplemental public services.
- (2) Special benefit districts have been created in numerous cities across the country, and the reports received suggest that they are almost uniformly highly successful in achieving their objectives.
- (3) Critical to any special benefit district is the creation of a partnership between the public and private sector, with the public sector committing to maintain services at specified levels and the private sector agreeing to accept new taxes and charges for the purpose of supplementing public services.

- (4) A district in this City cannot be successful without the full cooperation of the City, the State of Maryland, and the various private property owners within that district.

(e) *Considerations.*

- (1) The Council has considered the materials compiled by the Downtown Partnership of Baltimore, Inc., regarding the alternatives to the creation of a district and the pattern of success for such districts elsewhere.
- (2) The Council has considered the comments and suggestions of property owners, retail merchants, hotel and motel operators and owners, property tenants, and workers in the CBD.
- (3) The Council finds that a special benefit district of the kind authorized by the Enabling Legislation would be an important and vital element of the long-term health and growth of the CBD, the City, and the region.
- (4) Although 1 or more districts would be of great value throughout the CBD, the district created herein will be a significant start towards achieving the goals and objectives outlined above.
- (5) Since 1982, the Partnership has been responsible for the management and operation of ever-increasing parts of the CBD, and has demonstrated its ability to deal with the kinds of problems such a district needs to address.
- (6) The City should not burden a district with unnecessary layers of administration, nor should the City deny itself the benefit of the experience and expertise acquired by the Partnership.
- (7) The Council finds that the existing system of assessments, appeals, and adjustments for vacancies on income-producing properties adequately addresses the concerns raised in the Enabling Legislation.
- (8) The Council finds that an assessment system for a district should be uncomplicated, direct, and fair. The system provided for in this subtitle satisfies such criteria.
- (9) The Council finds that the district should encourage the involvement of minorities in the operation of the district and in the business community itself.

(Ord. 92-057.)

§ 1-3. District created; boundaries.

(a) *In general.*

- (1) Pursuant to the Enabling Legislation, and within the boundaries that are authorized by that law, the “Downtown Management District” is created.
- (2) The boundaries of the District are as set forth on Exhibit A to this subtitle.

(b) *Expansions.*

The District may be expanded (and as so expanded, shall be deemed included within the term “District” as used hereafter), in 1 or more resolutions of this Council, up to, but not beyond, the boundaries authorized in the Enabling Legislation upon a recommendation from the governing board of the Authority created by this subtitle which is endorsed by the Board of Estimates of the City.

(Ord. 92-057; Ord. 96-093; Ord. 09-191.)

§ 1-4. Authority created.

(Ord. 92-057.)

- (5) to accept grants;
- (6) to borrow funds for purposes consistent with the public purposes of the Authority, provided that unless specific approval is provided by the Board of Estimates no borrowing shall be for a term beyond the date for renewal of the District under § 1-20 of this subtitle;

- (8) to create and enter into partnerships between the Authority and various property owners otherwise exempt from ordinary property taxes, which partnerships may provide for the provision of permitted services and benefits by the Authority in exchange for payments arranged by contract, donation, gift, services in kind, or other mechanism by which funds or benefits are provided to the Authority;
- (9) to establish and elect such officers as are not specified in this subtitle and provide for their terms and duties;
- (10) to contract for and purchase goods and services, but as provided in the Enabling Legislation, such contracting shall not be subject to Baltimore City requirements regarding wage scales, competitive bidding, or other local procurement laws, but nonetheless shall be subject to applicable ordinances regarding City policy on encouraging and achieving goals for minority and women's business enterprises participation in the contracting activities of the Authority;
- (11) to adopt, amend, and modify bylaws, consistent with the Enabling Legislation and this subtitle;

- (14) to appoint, hire, or engage such auditors, accountants, attorneys, assistants, aides, employees, and advisors as may be deemed necessary for the proper performance of the duties of said Authority, but consistent with this subtitle; and

(15) to do all other things necessary or convenient to carry out its goals, objectives, and powers.
(*Ord. 92-057; Ord. 96-093.*)

§ 1-6. Limitations on Authority.

The Authority shall be subject to the following limitations:

- (1) The Authority is not permitted to exercise any police or general powers other than those authorized by the Enabling Legislation, State law, or this subtitle;
- (2) The Authority may not pledge the full faith and credit of the City;
- (3) The Authority shall comply with the requirements of City ordinances and City policies requiring achievement of goals regarding participation of minority and women's business enterprises and shall submit a quarterly report on the status of minority participation in the operation and governance of the Downtown Management District to the President and each member of the City Council;

SUBTITLE 8
WATERFRONT MANAGEMENT DISTRICT

§ 8-1. Findings.

(a) *Importance of Inner Harbor and Waterfront.*

- (1) The Inner Harbor of the Patapsco River is the civic, financial, and symbolic heart of Baltimore City.
- (2) The area fronting on the Inner Harbor (the “Waterfront”) is home to many of Baltimore’s largest employers.
- (3) The Inner Harbor is the center of tourism for the City and State, attracting over 12 million visitors a year. It was the development of the Inner Harbor that first spawned the creation of a tourism industry in Baltimore, now considered to be the Baltimore area’s seventh largest employer.
- (4) The Waterfront is an important part of the City’s tax base; the Inner Harbor alone contributed over \$60 million in tax revenues to the City in 2005.
- (5) The Waterfront is the site of some of the region’s largest real estate investments and, as a result of the location and quality of development, many office tenants and residents are relocating here from outside the City.
- (6) The Waterfront is a critical link to the long term health of the City and region.

(b) *Opportunities facing City.*

- (1) The Waterfront is undeniably a tremendous asset to the region. Still, to remain competitive as a destination, the Waterfront must be on a par with first-class destinations around the world.
- (2) A study conducted by the Greater Baltimore Committee in 2005 concluded that “the Inner Harbor suffered from a complete lack of focus and attention to the quality of its facilities, supervision of responsibilities, and maintenance of the integrity of the harbor and its activities”.
- (3) More specifically, the study focused on two key deficiencies: (i) the lack of a single person, government, or quasi-governmental entity that is charged with the specific oversight of the management and operation of the Harbor; and (ii) the lack of money or the influence to secure the needed manpower and equipment resources necessary to maintain the care and upkeep of the Inner Harbor properly.
- (4) In 2006, a Task Force recommended that a business improvement or special benefits district be created that would advocate for, participate in, and financially support City and private sector efforts to create and maintain a world-class system of public and private parks, promenades, and open spaces in the Inner Harbor.

- (5) In order to establish the Waterfront as a world-class destination, additional steps must be taken to create a consistently clean, attractive, easy to navigate, and appealing experience for residents, workers, and visitors along Baltimore's waterfront area.

(c) *Special Benefit Districts.*

- (1) A special benefit district is a mechanism by which property owners within a defined area can agree to impose additional taxes and charges on themselves in order to provide enhanced and supplemental public services.
- (2) Critical to the success of a benefit district is the creation of a partnership between the public and private sector, with the public sector committing to maintain services at specified levels and the private sector agreeing to accept new taxes and charges for the purpose of supplementing public services.
- (3) This kind of a district in Baltimore cannot be successful without the full cooperation of the City, the State of Maryland, and the various private property owners within the district.

(d) *Council considerations.*

- (1) The City Council has considered the materials presented that reflect the compelling reasons for creation of a special benefits district.
- (2) The Council has considered the comments and suggestions of property owners, retail merchants, hotel operators and owners, office property tenants, service providers, and neighborhood organizations that represent interests along the Waterfront area.
- (3) The Council has considered the fact that, while the Waterfront Partnership of Baltimore, Inc., has operated successfully along the waterfront for approximately 18 months and has provided noticeable improvements to the attractiveness of the Waterfront and the overall experience for visitors to the Waterfront, the ability to provide a consistent set of services and to maintain a high quality standard requires a consistent and reliable funding stream. The assessment system for a benefit district provides an uncomplicated, direct and fair funding process.
- (4) The Council has given consideration to and made the findings required by City Charter Article II, § 63.

(Ord. 07-417.)

(d) *Exemption for public service companies.*

Exempt from the Supplemental Tax are the poles, conduits, tunnels, pipe lines, manholes, and other similar surface or subsurface structures, including their equipment, owned and controlled by a public service corporation, located on, over, or under streets, alleys, or other public ways or lands, the construction of which is authorized by the City, and the installation of which is regulated and supervised by the Director of Public Works or the Director's designee or the Director of the Department of Transportation or the Director's designee.

- (ii) may not be defeated or postponed by any private or judicial sale, by any mortgage, or by any error or mistake in the description of the property or in the names of the owners.

{PAGE LEFT INTENTIONALLY BLANK}

SUBTITLE 11
RETAIL BUSINESS DISTRICTS

PART 1. GENERAL PROVISIONS

§ 11-1. Definitions.

(a) *Business Association.*

“Business Association” means the incorporated organization of persons who operate retail, service, rental, or professional businesses within a particular Retail Business District that provides management services under this subtitle.

(b) *Business establishment.*

“Business establishment” means any retail, service, rental, or professional business entity.

(c) *Commissioner.*

“Commissioner” means the Commissioner of the Baltimore City Department of Housing and Community Development.

(d) *Exempt establishment.*

“Exempt establishment” means any business establishment which is:

- (1) operated solely by a federal, state, or local government entity, except for City-owned markets as described in § 11-5(b);
- (2) operated by a non-profit organization which is not engaged in a retail business; or
- (3) a parking lot.

(e) *Licensable space.*

“Licensable space” means the number of square feet of space in a business establishment subject to the license fee in accordance with the fee calculation method as set forth in a specific Retail Business District Ordinance.

(f) *Person.*

“Person” shall include an individual, firm, corporation, partnership, or joint venture.

(g) *Retail Business District.*

“Retail Business District” means a geographic area in Baltimore City, designated by an ordinance under this subtitle, encompassing a concentration of business establishments. (*City Code, 1976/83, art. 15, §110.*) (*Ord. 82-838; Ord. 09-137.*)

§ 11-2. Legislative intent.(a) *In general.*

The Mayor and City Council of Baltimore makes the following declaration of its legislative intent in the enactment of this subtitle.

(b) *Neighborhood districts serve invaluable function.*

Neighborhood retail shopping districts in Baltimore City, when maintained and operated properly, serve invaluable functions in City life. They provide a convenient marketplace for neighborhood residents and play an important role in the identity of the community.

(c) *Suburban centers threaten neighborhood districts.*

- (1) The growth of suburban shopping centers has threatened many neighborhood retail business districts. Many cannot satisfactorily compete with new facilities that offer convenience, adequate parking, pleasing physical environment, diversification of retail services, and a management system that provides for promotional activities and for enhanced sanitation and security services.
- (2) Retail sales in these neighborhood shopping areas have decreased, and the loss of revenue has caused a gradual disinvestment in the commercial properties, vacancies and, in the worst cases, abandonment by property owners. This disinvestment negatively affects the surrounding residential community, results in the loss of jobs and property taxes to the City and requires the City to assume responsibility for these properties.

(d) *Commercial Revitalization Program begun.*

To counter this trend Baltimore City established the Commercial Revitalization Program. Selected neighborhood shopping districts were targeted for public improvements which would enhance the physical appearance of the area. In return, retail merchants and commercial property owners were required to rehabilitate their properties in conformance with a unified design developed for the area.

(e) *Management program needed.*

- (1) However, in order for neighborhood business districts to compete more efficiently for business with suburban shopping centers, funds and a management system are necessary to provide advertising and promotional activities and enhanced sanitation and security services for the entire district.
- (2) The Commercial Revitalization Program has always been founded on self-help by the business community. The merchant associations in neighborhood business districts are voluntary organizations of business persons who have limited time to plan and implement a management program and limited capacity to raise funds. They have indicated to the City a strong need for such a management program and fund raising mechanism.
- (3) The management program created in this subtitle will harness the energies of the business community and provide it with the necessary funding through a Retail Business District

License Fee. Furthermore, the proposed program will enable all business establishments within the boundaries of a given Retail Business District to join in promotional, sanitation, and public safety efforts not economically feasible for many individual businesses without a program of this sort. The City Council finds that this program serves a public purpose and enhances the general welfare of the citizens of Baltimore City.

(City Code, 1976/83, art. 15, §109.) (Ord. 82-838; Ord. 09-137.)

§ 11-3. Establishment of Districts.

(a) *Ordinance required.*

Subject to the recommendation of the Commissioner, the Mayor and City Council shall establish each Retail Business District by the adoption of an ordinance containing the following information:

- (1) a statement that a Retail Business District has been established, including its name;
- (2) a description of the boundaries of the District; and
- (3) a description of the method by which the license fee is calculated, including the method of determining the number of square feet of licensable space and the rate per square foot to be imposed.

(b) *Ordinance prevails in case of conflict.*

In the event of any conflict between any provision of this subtitle and that of a specific Retail Business District ordinance, the provision of the specific Retail Business District ordinance shall prevail.

(City Code, 1976/83, art. 15, §111.) (Ord. 82-838.)

(c) *Exempt establishments.*

The operator of any exempt establishment shall not be required to obtain a Retail Business District License and shall not be eligible to use the management services provided by the Business Association for the District.

(*City Code, 1976/83, art. 15, §113(a).*) (*Ord. 82-838.*)

§ 11-6. Establishment of fee.

(a) *To be based on licensable space.*

The fee for the Retail Business District License in any District shall be determined by multiplying the total number of square feet of licensable space occupied by the business establishment by the rate per square foot, as set forth for that District, in accordance with the fee calculation method established for that specific District.

(b) *Manufacturing spaces.*

(1) Provided, however, that in the event a portion of a licensee's space is used both for

(i) the manufacture of products to be sold by the licensee at retail in the District, and

(ii) the manufacture of products to be sold in retail outlets wholly owned by the licensee located in areas outside of the District,

then the licensee shall, with regard to that manufacturing space, pay a license fee only on that portion of the manufacturing space which is attributable to the licensee's retail operations within the Retail Business District.

(2) The portion of a licensee's manufacturing space subject to the license fee shall be determined by the Commissioner under the authority granted him in § 11-14 of this subtitle.

(c) *Rate.*

(1) The Retail Business District License fee shall be based upon a rate per square foot of licensable space to be established by the Mayor and City Council. This rate shall be the rate to which all licensees in the District shall be subject.

(2) There shall be no rate change unless a District, by vote of the licensees therein, suggests a rate per square foot which differs from the base rate. Any such rate change shall be ratified by the Mayor and City Council by ordinance.

(*City Code, 1976/83, art. 15, §113(b), (d).*) (*Ord. 82-838.*)

(a) *When due.*

(1) The Retail Business District License fee shall be due and payable on January 1 each and every year, and the entire charge prescribed for the year shall be collected when the license is issued.

- (2) In the event that a person commences business operations in a district subsequent to January 1 in any year, the Commissioner may prorate the amount of the fee due and payable based on the number of months of operation during the licensing year.

(b) *Commissioner to certify obligors.*

The Commissioner shall certify to the Director of Finance on a yearly basis:

- (1) the name and business address of the person(s) responsible for payment of the Retail Business District License Fee for each business establishment;
- (2) the number of square feet of licensable space occupied by each separate business establishment other than an exempt establishment;
- (3) the rate to be charged per square foot in that District; and
- (4) the fee due from each business establishment.

(c) *Director to collect fees.*

The Director of Finance shall collect the fee from the operator of said business establishment. (*City Code, 1976/83, art. 15, §113(c), (e), (g).*) (*Ord. 82-838.*)

§ 11-8. Transfers and renewals.

Subject to all applicable provisions of other ordinances of Baltimore City, statutes of Maryland, and laws of the Federal Government, the Retail Business District License shall be transferable, upon written notice to the Director of Finance, and renewable from year to year during the continuous operation of the business by the Retail Business District licensee within the Retail Business District, and so long as such area continues to be designated as a Retail Business District. - (1) Pursuant to appropriations made in accordance with the annual Ordinance of Estimates, the Director of Finance shall maintain a special fund, with a separate fund account for each Retail Business District.
- (2) Said special fund shall be credited with the collections of the Retail Business District License fees from each District.

(b) *Fee for Director's services.*
