**Total Crimes (3 year comparison monthly)**

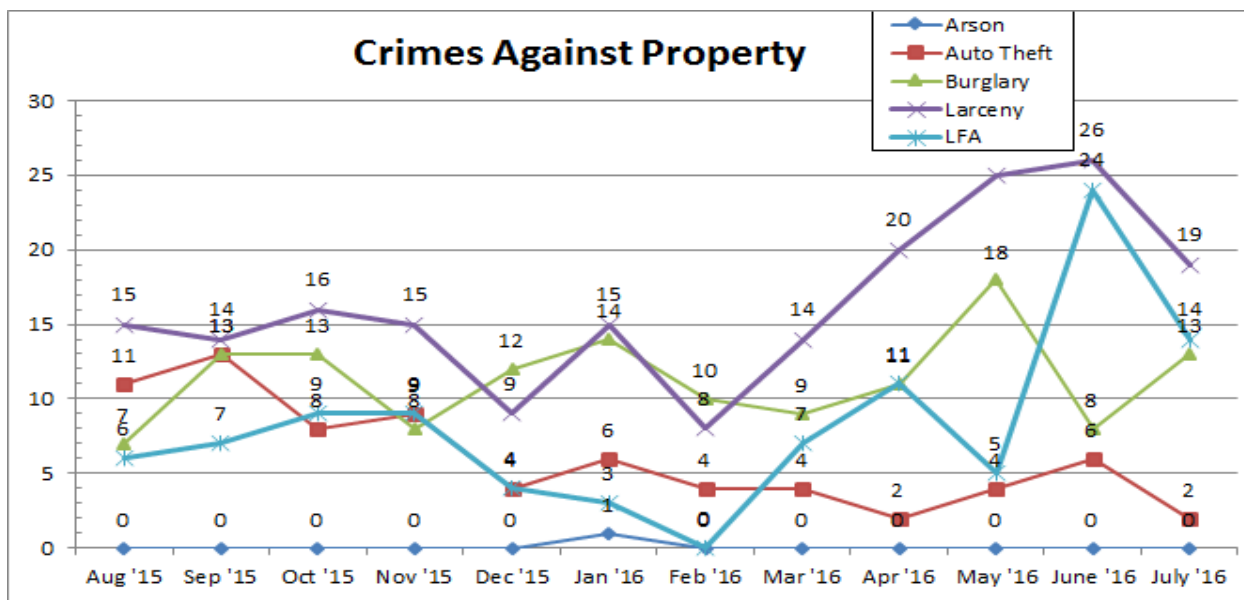

While total crimes decreased from June to July 2016, the total was higher than in 2015 and 2014. This is mainly due to the high number of larcenies and larceny from autos, which remained high in the month of July 2016. There was a significant decrease in larceny from autos in the CVCBD from June to July 2016 due to plain clothes units patrolling the area, resulting in significant arrests.

Total Crimes (3 year comparison monthly cumulative)

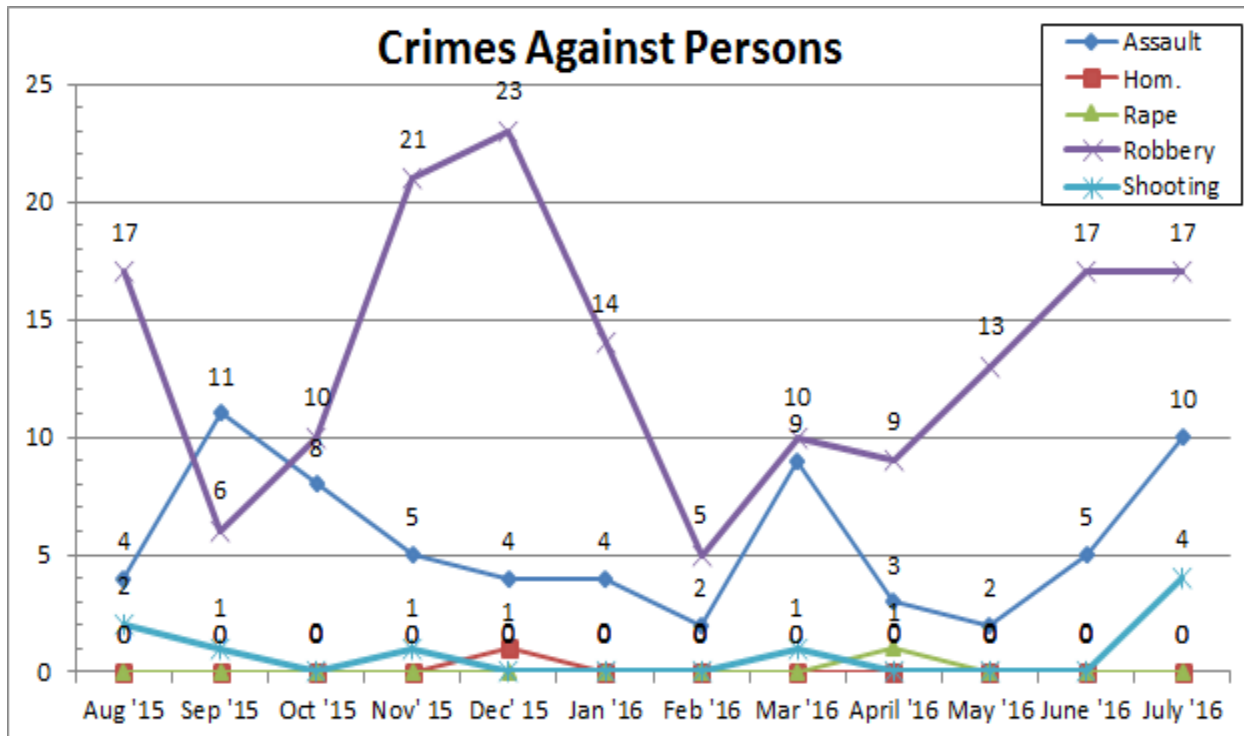

Year-to-date crime in the Benefits District is 0.7% higher in 2016 (430) than in 2015 (427), but 9.85% lower than in 2014 (477).

Crimes against Property (monthly during past year)

Incidents of auto theft, larceny, and larceny from auto all decreased from June to July 2016. There was an increase in commercial burglaries in July 2016.

Crimes against Persons (monthly during past year)

In the month of July 2016, incidents of robbery remained constant, and are cumulatively 9.5% less in 2016 than in 2015. The Northern District has conducted in-depth investigations in these robbery cases, which has resulted in arrests or warrants for a majority of the suspects. There were four shootings in July 2016 that stemmed from a single, targeted, gang-related incident.
